

Bank of England

CALL FOR PAPERS

Firm Dynamics, Market Structures and Productivity in the Macroeconomy III

University of Kent, University of Bristol and Bank of England

We invite submissions for a workshop on Firm Dynamics, Market Structures and Productivity, to be held at the University of Kent from Thursday 4th April to Friday 5th April 2024.

The programs for the two previous workshops can be found <u>here</u>.

We welcome submissions in all areas related to the three themes in the call title, either empirical or theoretical. As a guide, we encourage papers in macroeconomics related to the following topics:

- Inflation and market power
- Imperfect competition and strategic interactions
- Firm entry and exit
- Production function estimation and market power measurement
- Returns to scale
- Business dynamism
- UK productivity puzzle
- Productivity slowdown

Papers will be chosen so that sessions are as complementary as possible. Presenters will be offered accommodation for the duration of the workshop.

The workshop will be in person.

The deadline for submissions is 1st February 2024.

Please use the following form to submit your paper:

https://forms.gle/dLHEAKqC8dSAhmCS7

Decisions will be announced in mid-February.

The Organizing Committee:

Anthony Savagar (University of Kent & Centre for Macroeconomics) Sophie Piton (Bank of England & Centre for Macroeconomics) Sergio Feijoo (University of Bristol) Joel Kariel (Competition and Markets Authority & University of Kent)
